I'm on the fringes of a full-stack designer, able to take an idea from strategy to implementation with careful thought, consideration, and craft. I'm organized, committed, and flexible. Great in a team, leading teams, or on my own. I've also been called "fun." Online or offline results for Fortune 500 or mom-and-pop clients, I'm your huckleberry.

## EXPERIENCE

- 2006 – Present **O.C. Tanner** | *Senior Graphic Designer*  
Lead teams in creating digital and print materials that enable organizations to inspire and appreciate great work within. A few of my favorite clients are Virgin Trains, U.S. Bank, and EverBank.
- 2009 – 2011 **Utah Free Media** | *DJ*  
Co-hosted "Stereo Hambone!", a weekly, three-hour radio show on utahfm.org | Utah Free Media. Ran for 107 episodes.
- 2004 – 2006 **condit.west.creative** | *Designer*  
As a member of a full-service design studio, I was involved from concept to completion—brand identity creation, design and front-end web development, collateral production, email campaigns, ecommerce solutions—I was the swiss army knife of designers.
- 1997 – 2006 **Army National Guard** | *Band Member*  
I was a proud member of "Arizona's Own" 108th Army Band. You may remember me from such patriotic events as the Fiesta Bowl parade or when I played the national anthem while standing in the Arizona Diamondback's outfield. (Hint: I was holding the clarinet.)

## EDUCATION

- 2000 – 2003 **Art Institute of Phoenix**  
Bachelor of Arts (B.A.), Multimedia and Web Design
- 1999 – 2000 **Northern Arizona University**  
Communications
- 1980 – Present **The Streets**  
On-going life lessons in the study of what's-what
